

COMMUNITY CARDBOARD CHALLENGE

Saturday, October 7, 2017

This fall we invite the Columbus community to champion creativity through idea generation, imaginative play and experimental construction with cardboard and recycled materials.

Community Cardboard Challenge is part of the Global Cardboard Challenge. Since 2012, the Global Cardboard Challenge has had over 750,000 participants from 77 countries that have celebrated the importance of play, curiosity, and creativity in learning by participating in the Cardboard Challenge.

Join the Columbus Museum of Art, PAST Innovation Labs, and creative thinkers worldwide for a morning of imaginative fun!
